

If you're interested in purchasing a printed (hard) copy of the magazine: we offer our readers the option to purchase hard copies of the current issue and select back issues of the magazine through our print-on-demand company, Peecho. We've streamlined the options available to make the order process easier.

The fixed price shown on the ORDER PRINT button reflects a glossy finish for the cover and (for most of the issues) the size is A4 – 8.27 x 11.69 inches. (Some of the back issues are 8.5 x 11 inches, noted near the Order Print button for the issues of this size). Prices shown on the ORDER PRINT button do not include tax and shipping.

All print copies are portrait orientation with perfect binding. The cover for all issues is a soft-cover printed in full-color on glossy laminated 250-gram paperboard, the pages are full-color printed on 115-gram matte paper.

To order a print copy, you'll find an ORDER PRINT button near the issues this option is currently available for. Click the ORDER PRINT button and you'll be connected directly with Peecho to order your printed copy in just a few steps.

All aspects of print-on-demand orders, shipping, customer service are handled through Peecho, so if you have any questions or concerns about a print-on-demand order, you'll need to contact them: support@peecho.com.

Printed copies of the magazine will not have the interactive/live options available in the digital version of the magazine, so videos will not play and hyperlinks will not be live.
