

The 2020 Thanksgiving and Holiday Season

You may not control all the events that happen to you, but you can decide not to be reduced by them.

VITRALES SERIES

The term Stained Glass (Vitrales) can refer to colored glass as a material and to works created from it. Throughout its thousand-year history, the term has been applied almost exclusively to the windows of churches and other significant buildings.

I celebrate this period of art history through my paintings and collages. This collection of work uses the stained glass concept to acknowledge and remember family and friends in my life.
