Encaustic Monotype Workshop

The Monochrome Approach

India ink, Graphite, Carbon & Charcoal

October 23rd & 24th 10 AM to 3 PM

Costs \$350.00 All materials included

Description: This two day workshop offers artists the opportunity to explore and discover new shapes and ideas while using a "Monochrome Approach." The goal is to explore and discover new shapes and ideas while doing several exercises using graphite, black India ink, charcoal and carbon. This mark making expressions (gestural marks) help and direct the artist to focus on deeper and thought-provoking aspects of process-oriented abstraction using patterns and emotions as a source of inspiration.

Day-1. We start with Health and Safety, review the equipment, tools, paper types and absorbency. The encaustic color sticks application, fluidity and drawing. The use of shades of grey, graphite pencils, carbon & charcoal.

Day-2. A jump start to creativity. The construction of a narrative using different papers and a 72" scroll. We will experiment painting with found objects or non traditional tools. Explore mark making while connecting ideas. Finally the color applications if desired.
